17. SERVICES REQUESTED, NEED FOR CHANGE, DESCRIPTION OF CHANGE

ISD Request that a change is made to the IPS Detailed System Requirements Document (SR195010), dated 14 December 1988. A change is necessary to assign a new set of sequence numbers fro each type of case. Each sequence number will be generated automatically by the system, in the same format as described (AYY-NNNN). For reporting purposes the system will enable ISD to receive an accounting for each type of case without duplicating numbers.

18. IMPACT IF NOT IMPLEMENTED

Use of the described numbering system would confuse and delay ISD processing of reports.
